

## 2012-2014 Hawthorn Before & After School Program

### Vernon Hills Park District Wants Your Support

The Hawthorn School Board has received proposals from the Vernon Hills Park District and Luco Education Partners, Inc., of Grayslake to operate the Before & After School Program at the Hawthorn Schools. On Monday, Feb 13<sup>th</sup> at 7pm, the Board will vote on which proposal to accept.

Why should you recommend the Vernon Hills Park District to the Hawthorn School Board? The Park District has proposed the following valuable benefits:

- Significant cost savings compared to Luco Education Partners: a kindergarten family will save \$750/year with the park district; a before care family will save \$350/year; and an after care family will save \$450/year. In addition, our fees will be locked for 3 years and there is no enrollment fee.
- All new equipment at all facilities (Elementary North, Elementary South, Sullivan Center)
- The Park District will hold the kindergarten program at the Sullivan Community Center, which provides a large room, a stage, a gymnasium, a playground and is located directly across the street from the Hawthorn School District campus. Luco Education Partners, Inc. will hold the program in a corporate office space located off of Lakeview Parkway.
- All funds generated by the program will stay in and benefit the community.
- The Park District will offer existing Before & After School staff the opportunity to continue working at their current jobs.
- The Before & After School Program will continue to operate between 6:00am and 6:00pm.

You can make a difference by contacting members of the Hawthorn School Board to let them know what is important to you. Your support of the Park District is extremely valuable! Thank you.
