

## Teens and Money!

Without a basic understanding of personal money management, you may learn money lessons the hard way. Before teens are on their own, give them the opportunity to hear about basic personal money management in a relaxed, non-academic setting. This seminar will cover smart spending, regular savings, creating a personal budget, credit scores, credit cards, car buying and more. The program does not use difficult math and does not provide specific investment advice.

Ages: 15-19 years

Code	Date	Day	Time	Fee
30112-1	2/2	Th	6:00-8:30p	\$60
