- Every party begins with table toppers to entertain guests as they arrive; this may include coloring sheets, stamps, princess beads for necklaces or dino dough. Once all guests have arrived, we switch over to fake tattoos that match the party theme and face painting!
- Next, we play active games that may include freeze dance, find the hidden objects, bucket toss, ring toss, and more!
- After table games, tattoos, face painting and activities we sit down for cake and drink. Time remaining is allotted for a Pinata (if purchased in advance) and time appropriate games that were not already played. Number of games played varies for each party based on number of guests and the ages of the guests. In general, the younger the children, the less games played. Fun will still be had by all!

*Gifts are take home unless requested in advance to be opened. This is strictly due to time.
